

ALOVE18FLC

BURLESQUE BY JENNAIR 18" COLUMN FREEZER (LEFT SWING)

Intoxicate your senses with an intentionally unexpected, provocative column. Each limited edition pair boasts the seductive Burlesque interior and glass snakeskin air tower and is individually numbered. Flaunt your food with the same decadence as your finest jewels.

FEATURES

LIMITED AVAILABILITY

Only 13 pairs of Burlesque columns exist, each etched with a unique identifier. Each pair is an unapologetic expression of the pinnacle of luxury.

BURLESQUE INTERIOR

Inspired by the velvet interiors of antique jewelry boxes and deep reds often seen in luxury cars, this first-of-its-kind burgundy finish is avante garde temptation incarnate. A striking contrast to the cool interior, this finish is an unexpected backdrop for fresh greens and other vibrant ingredients.

SNAKESKIN AIR TOWER

An exotic, custom glass air tower in matte ceramic ink layered over bold red metallic ink and finished with an exquisite snakeskin motif. As the centerpiece of the column, the air tower evenly distributes cool air throughout.

DIVINITY FREEZING

One provocative air tower. Two precision sensors. Calibrated every second. United, they keep freezer temperatures from swinging and spirits impeccably chilled.

REMOTE ACCESS¹

Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices.¹

¹ Appliance must be set to remote enable. WiFi & App required. Features subject to change. For details and privacy, visit jennair.com/connect.

CAVIAR18L

CAVIAR 18" CUTS BY JENNAIR LEATHER PANEL

Indulge in touchable textures that bring the warmth and premium feel of leather into the vertical surfaces of the kitchen. Each of the four special edition designs is swathed in seductive Italian leather. Carbon, Cognac, Croc and Caviar rewrite the rule of what can be touched in your kitchen.

FEATURES

CAVIAR LEATHER

Rich black leather tipped with pewter ink creates a two-toned effect that plays with the light.

CHOOSE A CUSTOM HANDLE

Choose a JennAir® RISE™ or NOIR™ Design Expression handle to match your appliances or mount a one-of-a-kind handle crafted by an artist.¹

PAIRS WITH JENNAIR®

COLUMN REFRIGERATION

Cuts By JennAir® leather panels complement JennAir® column refrigerators with a Burlesque interior, adding further depth and intrigue to each piece.

¹ Accessory handles sold separately.

TOP VIEW - CABINET OPENING

water supply location behind unit
(also approved for electrical supply)

FRONT VIEW - CABINET OPENING

ELECTRICAL SUPPLY LOCATION

- Lighter yellow area indicates electrical supply located in a cabinet or accessible space above the unit opening.
- Power cord length is 9ft and originates from the front right corner of the unit.
- There is room for a surface mount electrical outlets within the top 3¹/₂" of the opening.
- Darker yellow area indicates the electrical supply location within the top of the opening.
- Outlet should be located near the center of the allowable area for easy connection and disconnection after installation.

WALL WATER SUPPLY LOCATIONS

- Water outlet area shown in blue.
- Water outlet area is also approved for the electrical outlet location.
- Outlet area width and height corresponds to a 3/4" deep recessed area found on the back of all unit.
- Targeting the left side of the allowable area allows for additional water line routing flexibility and easier water line management under the unit.

FLOOR WATER SUPPLY LOCATIONS

- There is no floor access through an 18" unit.

ELECTRICAL REQUIREMENTS

⚠ WARNING

Electrical Shock Hazard

Plug into a grounded 3 prong outlet.

Do not remove ground prong.

Do not use an adapter.

Do not use an extension cord.

Failure to follow these instructions can result in death, fire, or electrical shock.

115 V, 60 Hz, AC only, 15 A or 20 A fused, grounded circuit is required. A dedicated circuit is recommended. Use an outlet that cannot be turned off by a switch. Do not use an extension cord.

WATER PRESSURE REQUIREMENTS

A cold water supply with water pressure between 40 and 120 psi (207 kPa and 827 kPa) is required to operate the ice maker. Call a licensed, qualified plumber with any questions about the water pressure.

REVERSE OSMOSIS WATER SUPPLY

A reverse osmosis system may be used provided that the water pressure from the filtration system meets the required water pressure requirements.

JennAir® Columns feature an auto-bypass water filtration system. To use your product with a reverse osmosis water filtration system, simply remove the water filter from the product.

LOCATION REQUIREMENTS

⚠ WARNING

Explosion Hazard

Keep flammable materials and vapors, such as gasoline, away from freezer.

Failure to do so can result in death, explosion, or fire.

Floor must be able to support the product's total weight of more than 600 lb (272 kg), including the door panels and contents of the product. Flooring under product must be at the same level as the room. Face of cabinetry must be plumb.
